SUMMARY

I hold a Bachelor's degree in Computer Science, specializing in Information Technology. With over 2 years of experience in web development, I've successfully crafted diverse websites with appealing designs and robust functionality. My expertise spans the entire development process, from conceptualization to launch, utilizing technologies like HTML, CSS, Bootstrap, Tailwind, JavaScript, Vue.js, and Laravel. Proficient in responsive design and web performance optimization, I excel in effective communication and have a strong sense of time management. My skills cover static and dynamic website development, showcasing proficiency in Fullstack Development across various technologies.
